WE HAVE A VARIETY OF ROLES AVAILABLE

About us

We are one of the leading manufacturers and distributors of professional lighting, effects, audio equipment, truss and accessories based in Colne, Lancashire.

We are a B2B company, with a highly motivated, expert team, that has been servicing the entertainment, professional installation, architectural and leisure markets since inception in 1996.

We are known throughout the world and are associated with quality products and service. With continuous development, we are constantly introducing new products to stay at the forefront of this fast-developing industry. This progressive approach has given us a constantly expanding and evolving customer base.

There are exciting times ahead for the business and we want to continue to deliver innovation and quality to our customers and followers alike. The team are dedicated to providing a full, efficient and ever-developing service, and we are looking to add new team members to progress the company further.

It's no surprise more people are becoming part of the Concept.
